

Technical Data Sheet

RETOSIN R7

CHARACTERISTICS:

Appearance:	Light coloured powder
pH (solution 10%):	9
Concentration:	100%

PROPERTIES:

RETOSIN R7 is an anionic dicyanodiamidic resin particularly suitable for upper leather. It gives to leathers very good fullness and firmness without adulterate grain's character.

For eco-tox data please read our safety data sheet

Our application recommendations are in line with our present state of knowledge. They do not, however, exempt the customer from performing his own tests to determine the suitability of the supplied products for their intended purposes. Application of the products lies outside the scope of our control and therefore comes within the customer's sphere of responsibility. We guarantee the satisfactory quality of our products subject to general terms of sale and delivery.
